REASON'S FOR ALLOWANCE

1. The claims 1-12,19,22-28 have been allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art references most closely resembling the applicant's claimed invention are Ito (U.S. 5,671,354) and Shiotsu (U.S. 6,993,358).

First Ito disclosed an information processing device (10) includes first (12) and second wireless communication units, and a communication monitoring and controlling unit (11). When the first communication unit is communicating with another information processing device (2), the monitoring and controlling units monitors the communication state of the second communication unit and adjusts a transmission condition of a wireless transceiver of the first communication unit based on the monitored communication state of the second communication unit. However Ito failed to disclosed, "Whether the type of peripheral device associated with the first client terminal device can communicate with the type of peripheral device associated with the second client terminal device based on the first user information and the second user information, the type of peripheral device including at least one of a microphone or a camera"(claims1-3,6,9,10,19,25-28).

Second Shiotsu disclosed user authentication information for network of a user and a name of a server to be accessed are sent from a client terminal to a user management equipment realized by one of servers which constitute a network system. However Shiotsu failed to disclose, "Whether

the type of peripheral device associated with the first client terminal device can communicate with the type of peripheral device associated with the second client terminal device based on the first user information and the second user information, the type of peripheral device including at least one of a microphone or a camera”(claims 1-3,6,9,10,19,25-28).

In summary, the Examiner submits that there is no motivation to combine the aforementioned references; therefore, claims 1-8,10-13 have been deemed allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “ Comments on Statement of Reasons for Allowance.”
